About Berean Christian School

Berean Christian School was founded in 1980 as a ministry of Berean Bible Church, a non-denominational church in Knoxville, Tennessee. At the time of the school's founding, church leaders saw in the public school system a decline in student expectations and accountability, as well as increasingly humanistic philosophies. Berean Christian School was established to meet a growing need for Christ-centered, top-notch private education. The school's mission, tenets, and driving principles are built on the foundation of God's revealed Word, the Bible.
