

THE STORM

Tompayä kato, tsawkeyä kato
Sì 'ekong te'lanä oeru teya si

s' EH - ko t' LON - ah

ik-nee ma yah
mick ting na - dee
s'kay YAh ka - toh
wey-oo teh-ah-see

I found a light inside me
I wanna let it glow
Keep shining right beside me
Follow where I go
So when the thunder comes and
The storm becomes the night
I'll guide you through the lightning
Stay close by my side

I found a light inside me
I wanna let it glow
Keep shining right beside me
Follow where I go
So when the thunder comes and
The storm becomes the night
I'll guide you through the lightning
Stay close by my side

Up in the clouds, I found my voice
Up past the shouts and broken noise
So don't let me fall
Where I don't belong
I can't go back and lose it all
