DISCIPLINE AND COMMITMENT CODE...

Theatre is an outside-of-the-box atmosphere. It is even more important that students comply with our code to stay safe and thrive.

Discipline will work on a three strike system.

1. After multiple in-class corrections, the student will be brought aside for a conversation about their behavior with the director. A parent or principal may be contacted depending on the severity.
2. Student will be written up, removed from class and parent+principal will be contacted.
3. Repeated misconduct will result in removal from theatre class.

Commitment to the class includes:

1. Students must commit to all rehearsals, dress rehearsals and show dates.
2. Checking in every day, on time, 7th period for attendance. Tardies will result in the discipline system being activated.
3. Maintaining a professional and positive attitude towards others and self, helping where able, and pursuing a high level of excellence.
